Item #	Description	HO Dims	HO \$	O Dims	O \$
538	Coal Tipple on Diorama	17" X 11"	1,195	31" X 20"	1,395

A tipple is not a mine but a structure serviced by mine trucks for loading coal on to hoppers. This is a design of a typical double track tipple. Construction is entirely of wood. Diorama is built from Gatorboard and glueshell scenery. There is a numbered brass builder's plaque. I'd be most happy to assist in installation within a reasonable distance and for expenses.
